

U. S. ASKS RECALL OF BOY-ED AND VON PAPPEN; FORMAL NOTE PRESENTED

PERNICIOUS ACTIVITY OF GERMAN ATTACHES RESULTS IN DRASTIC ACTION.

NO LONGER WELCOMED

Conviction of Hamburg-American Line Officers on Conspiracy Charge Paves Way for State Department Move.

(BY ASSOCIATED PRESS.)

BULLETIN.
Washington, Dec. 3.—A formal note asking for the recall of Capt. Boy-Ed and Capt. Von Pappen, German embassy attaches, was presented this afternoon to the embassy by the state department. Drastic action came as a result of the objectionable activities of these two officials with reference to passport frauds, ship plots and other complications.

Washington, Dec. 3.—Secretary Lansing is understood to have informed Count Von Bernstorff, the German ambassador, that Captain Boy-Ed, naval attaché to the German embassy, has rendered himself persona non grata to the United States government as a result of his connection with conspirators of the Hamburg-American line who yesterday were found guilty in New York.

Discussed By Cabinet.
The subject was understood to have been discussed at the cabinet meeting today. Secretary Lansing at the end of the cabinet meeting refused to answer any questions on the subject, and other members of the cabinet were equally silent. The German embassy also refused to talk about it.

The state department was believed to be of the opinion that as Captain Boy-Ed had admitted his connection with the financing of the operations of the Hamburg-American line, a verdict as being illegal, there was nothing else to do but inform the German government of its views. By informing the ambassador that the attaché is persona non grata, the United States leaves it to the German government as to the manner in which Captain Boy-Ed shall terminate his connection with the embassy.

This is the usual diplomatic procedure in the case of an attaché of the embassy or legation whom the United States finds objectionable.

Misuse of Passports.

Captain Boy-Ed's first activities which attracted the attention of the government were in connection with the misuse of American passports of German reservists seeking to slip through the allies' lines to join the Germans. A favor Captain Boy-Ed's name was mentioned in connection with chartering of ships from American ports to supply food and fuel to German vessels, which in the first month of the war were hard pressed by allied flying squadrons.

In the case of a minor official of an embassy, such as Captain Boy-Ed, the government does not ask for a recall, for that is quite outside the power. The usual course is to indicate to the head of the embassy, in this case Count Von Bernstorff, that the offending attaché is persona non grata, and nothing further with the embassy but to sever connection with embassy.

PASSPORT TO VISIT NEUTRAL COUNTRIES IS ISSUED TO FORD

More Than 125 Permits Granted by State Department to Members of Ford Peace Expedition.

(BY ASSOCIATED PRESS.)

Washington, Dec. 3.—Henry Ford was granted a passport by the state department today to visit Norway, Denmark, Sweden and the Netherlands. A representative brought his application from New York. The citizenship bureau of the department by noon had issued more than 125 passports to peace advocates, who will sail from New York tomorrow on the steamer Oscar II. No one made application to visit any other neutral countries. There was no difficulty except in issuance of passports except in cases where applicants were defective.

Curb French Women's Activities.
Paris, Dec. 3.—The French section of the women's international league for permanent peace has been ordered by the Paris authorities to discontinue the distribution of peace pamphlets. The officers of the French league were summoned before the commissary of police today to explain their activities. The women maintained that they were acting according to their philosophical convictions.

British Against Peace.
London, Dec. 3.—Speculation about the possibility of peace talk that seems to come from Switzerland, Rome, Madrid or America, always vague and usually negative, strikes no audibly responsive cord in London. The more the fortunes of war appear to turn against the allies, the less the British seem inclined to listen in patience to any suggestion that peace can come through other means than military achievements. It is argued on all sides that London will consider peace suggestions from any source, while Germans remain in Belgium.

INDICT PHYSICIAN FOR CHECK FRAUDS

Dr. Rittig of Cleveland, Who Was Investigated by Federal Agents, Held on Four Charges.

(BY ASSOCIATED PRESS.)

Cleveland, Dec. 3.—Four indictments were returned by the Cuyahoga county jury today against Dr. Rittig, alias Rittig, arrested Tuesday for a check fraud, following investigation by United States department of justice agents for his connection with attaches of the governments which are engaged in the European war.

The indictments were for carrying concealed weapons, obtaining money under false pretenses, forgery, there being two of the latter.

WILSON WILL SPEAK AT COLUMBUS, OHIO

Today President Reviews Military Drill at Fort Myers, Va., for Relief Association.

(BY ASSOCIATED PRESS.)

Washington, Dec. 3.—President Wilson will leave for Columbus, O., on the night of December 3, arriving in Columbus next day to deliver two addresses.

A reception at the capital will be held for the chief executive today. President Wilson went to a cavalry and field artillery drill at Fort Myers, Virginia, for the benefit of the army relief association.

WILL BE NO DELAY IN BUILDING SHIPS

Bidding Steel Companies Promise Early Delivery of Plates for Two New Battleships.

(BY ASSOCIATED PRESS.)

Washington, Dec. 3.—There will be no delay in delivery of steel for battleships No. 43 and No. 44 if the government undertakes a year's program in navy yards. Bids from eleven steel companies opened today at the navy department all offered to begin delivery within six months and complete it within two years. Prices show an apparent increase of from thirty to forty per cent over material purchased for the battleship California over a year ago.

OPERATORS GRANTED A YEARLY VACATION

Western Union Telegraph Employees Hereafter Will Be Given Two Weeks' Vacation.

(BY ASSOCIATED PRESS.)

New York, Dec. 3.—Telegraph operators all over the United States employed by the Western Union Telegraph company are rejoicing today over the news that after the first of next year all the traffic employees will receive annual vacations with pay.

Regularly assigned employees who have been in the service of the company for two or more years will receive two weeks vacation, and those who have been continually in service for one year, will receive one week's vacation, reads the company's announcement.

Operating employees who have not been regularly assigned, but who have been in the company the equivalent of full time for each period, also will receive vacations. It is stipulated that the vacations shall be employed for rest and recreation and not used for other employment.

The cost to the company is estimated at \$2,000,000.

CLAIMS LA FOLLETTE SKIPS GOOD POINTS

Executive Clerk Gives Argument for "Fighting Bob" to Answer in Stumping Campaign.

Madison, Dec. 3.—Charles D. Stewart, executive clerk in the office of Governor Philipp, in an interview declared that Senator La Follette entirely ignores the new dairy and food laws enacted by the last legislature, which in Mr. Stewart's opinion accounts for fewer consumers.

Under the law, creameries and cheese factories in Wisconsin are licensed on and after January 1, 1916. "This act and the others in other states as being a notable piece of constructive legislation," declared Mr. Stewart. "The state, instead of depending upon a large corps of detectives and endless suits and law, is more direct control over those who violate the law by power to revoke permission that was granted."

In short, the very effect of this law is to do away with lawsuits and in line with Governor Philipp's declaration that it would, without sacrificing efficiency.

"We have much praise for this advance in the government of creamery and cheese factories, from authorities in other states. Mr. La Follette's course in ignoring this important piece of legislation, in the course of his long speech, strikes me as being rather disingenuous."

"Certainly there have been fewer lawsuits and there will be fewer costs less to have the law obeyed, than overcome, consequently by a smaller appropriation. The senator either has evaded the latter point or else has failed to keep up with progress in Wisconsin."

Weigle's Statement.
"I think that the charge made against me by Senator La Follette, based on twenty-three convictions I have caused to be made against violators of state dairy and food laws in comparison with 225 convictions by the state of Wisconsin, is a gross misstatement. I do not believe in making wholesale convictions. If I did, I could fill the jails of Wisconsin with offenders, for 85 per cent of the grocers, butchers and other concerns under regulation of dairy and food department are violating the laws of this state every day."

This was the statement made today by Mr. Weigle in reply to a question as to why he had not been responsible for this condition of affairs.

Mr. Weigle said it was impossible to prosecute big manufacturers outside the state whose goods were adulterated and not labeled without interfering with interstate commerce laws. He said any Wisconsin manufacturer who violated the law, however, can be prosecuted.

WAUSAU RECEIVES GOVERNOR PHILIPP

Makes Several Speeches, Upholds President in Peace Policy, Wisconsin's Immigration Problem.

(BY ASSOCIATED PRESS.)

Wausau, Dec. 3.—Governor Philipp made several speeches and was enthusiastically received in his talks he appealed for the united American sentiment to support the president in all his efforts to obtain peace.

He explained steps were already under way by the state immigration department to encourage immigration of those who possess some means of settling on the cut-over lands in northern Wisconsin, but declared he could not conscientiously advise immigrants to do so, as it required some capital to start a home and they might become public charges.

BANDITS ESCAPE NORTHERN POSSE

Kentuckians Who Robbed Saloon Near Rhineclander Elude Pursuers.

(BY ASSOCIATED PRESS.)

Rhineclander, Dec. 2.—The three armed bandits who Wednesday afternoon shot and wounded two deputy sheriffs, have escaped from the woods near the Rhineclander saloon, and immediately after robbing a saloon at Starks, and are endeavoring to work their way through the patrol of officers that have been established at all railway stations within a radius of more than fifty miles. The men have separated and abandoned their rifles in attempt to evade identification.

When militiamen volunteers and a few officers who have been enlisted in the search returned to Rhineclander early today they said the bandits evidently had abandoned their shack in the center of the marshland near Gage, immediately after the shooting, and that by tramping all night had reached the edge of the woods and gained the railroad track.

OLD CITY RESIDENT DIES THIS MORNING

William Frederick Hell, aged eighty-eight, died this morning.

William Frederick Hell was a native of Germany and was born in Gustadtsdorf, Pommern, Aug. 15, 1826. He came to the United States in April, 1881, and located in Janesville a year later, on Oct. 5, 1882. He is survived by two daughters, Mrs. Karl of this city and Mrs. Emily Abraham of Chicago, and two sons, Mr. F. G. Hell, 612 Park avenue, Mr. Hell had been sick for the past few days.

Young People's Society.
The Young People's society of the Norwegian Lutheran church enjoyed a very pleasant time at their meeting last evening. The program was given, consisting of a selection by Aker Mandolin club, vocal solo by Miss N. Rotger, vocal solo by W. Davidson, piano solo by Miss C. Olson, vocal solo by Miss F. Strong, selected talk by N. P. Jensen, selection by Aker Mandolin club. Delicious refreshments were served and games completed the evening.

YOUNG PEOPLE'S SOCIETY ENJOY PLEASANT EVENING

The Young People's society of the Norwegian Lutheran church enjoyed a very pleasant time at their meeting last evening.

Public Butcher Shops.
The general council of the department of Boucher-du-Rhone, of which Marcellus is the capital, has decided to open ten public butcher shops. Meat will be sold at approximately cost in order to reduce prices generally.

LITTLE GIRL SENDS A PEACE SOLUTION

Thirteen-Year-Old Madison Girl Proposes to End Sending American Horses to Be Killed in War.

(BY ASSOCIATED PRESS.)

Madison, Dec. 3.—Is it possible that the suggestion of a thirteen-year-old girl of Madison will lead to conditions that will compel peace among the warring nations of Europe? Her letter was read last night at the regular meeting of the Madison branch of the Wisconsin Humane society. It was addressed to L. B. Wolfenson of the society and reads:

"Dear Professor:
"Another 10,000 horses have been sent over to Europe to be shot down after about four days of misery on the battlefield. Could not the humane societies all over the United States stop this or raise a petition? I think it is serious enough for us to send munitions for them to kill each other with, but to send horses, American life, American blood, to be shot and killed in their wild battles, seems almost as unlawful as their own deeds. Also if they have no more horses they cannot continue the war."

"Signed," A loyal friend of dumb animals."

The board voted the sentiment most proper and endorsed it.

CARPENTIER GIVEN MILITARY HONORS

Champion Prizefighter of France Decorated With Cross for Service in Aviation Corps.

(BY ASSOCIATED PRESS.)

Paris, Dec. 3.—Sergeant Georges Carpentier, champion heavyweight pugilist of Europe, now attached to the French aviation corps, has been decorated with the military cross for brilliant and daring reconnoissances in an aeroplane.

Carpentier joined the colors when war was declared and has been in the thick of the fighting ever since. He was first with the signal service, and twice had his apparatus blown away by German shells. Later he held an automobile courier on the firing line and was then assigned to the aviation corps in May last.

Carpentier's last important pugilistic achievement was to win from Gunboat Smith on a foul in London in six rounds on July 16, 1914.

SENATE DEMOCRATS UNABLE TO AGREE

Washington, Dec. 3.—Organization of the senate may be delayed, and joint session of congress Tuesday to listen to President Wilson's address may be prevented unless senate democrats by and large agree on a platform.

The possibility which confronted democratic senators when they resumed in caucus today discussion of the proposal to limit debate.

Democratic senators who are opposing closure, hint that an agreement cannot be reached in caucus, and that the fight will be carried to the senate floor when congress convenes Monday.

Administration leaders, however, say they are confident of an agreement. Representatives of the house at a caucus last night completed the minority organization for the coming session. Representative Mann of Illinois by virtue of his nomination as candidate for speaker, becomes again minority leader.

REPORTS ARE MADE OF U. S. DEPARTMENTS

United States Treasury Makes Report on Expenses for Different Months.

(BY ASSOCIATED PRESS.)

Madison, Dec. 3.—Detailed reports of cost of each department of the government are now being prepared by different departments. State Treasurer Henry Johnson today announced the monthly expenses of his department since July 1, 1915, \$2,050,233; August, \$1,726,422; September, \$1,683,070; October, \$1,746,161; November, \$1,683,070.

PRIEST SENTENCED FOR INSANE ATTACK

Winona Clergyman Who Attacked Bishop Sent to Insane Hospital by Court.

(BY ASSOCIATED PRESS.)

Winona, Minn., Dec. 3.—Rev. Father L. M. Leach was today sentenced to the hospital for the insane at St. Peter by Judge Granger in district court for assault upon Bishop P. R. Heffron of the diocese of Winona on August 27 last. The priest's verdict of insanity was based on the charge on the grounds he was insane and declared he had homicidal tendencies.

TEXAS CITY SEEKS 1916 CONVENTION

Dallas Democrats Depart for Washington to Secure National Convention for Their City.

(BY ASSOCIATED PRESS.)

Dallas, Texas, Dec. 3.—Bearing a certified check for \$100,000, seventy-five Texas democrats today departed for Washington, where they will place before the national executive committee application for admission to the democratic national convention in 1916.

FORMER EMPLOYEE OF STATE INSURANCE DEPARTMENT QUILTS

Madison, Dec. 3.—L. L. Johnson, since 1913 connected with the Wisconsin insurance department, has resigned his position to become manager of a new employees' mutual liability company now being organized in Minnesota. That company made application for admission at St. Paul yesterday. Mr. Johnson expects to assume his new duties January 1.

WILL RUSS TURN TIDE OF BATTLE?

LONDON ANXIOUSLY WAITS NEWS OF ITALIAN AND RUSSIAN ADVANCES INTO THE BALKANS.

MONASTIR HAS FALLEN?

News From Four Fronts Encouraging According to Teutonic Adversaries.

(BY ASSOCIATED PRESS.)

London, Dec. 3.—Circumstantial accounts of the occupation of Monastir, in southwestern Serbia, by an Austro-German force and cutting of telegraphic communication with the city, are regarded here as ample evidence that the Macedonian capital has fallen, although no official report to that effect has reached London.

The effect of the capture of Monastir, the last Serbian city of importance to hold out, on the position of the Anglo-French forces is awaited with greatest interest, for penetration of this part of Macedonia by the invaders may threaten the flank of the allies in the Varda and Cerna valley, where they are on the defensive. No important engagements have occurred there for some time, but with Monastir in the hands of their opponents, the allies may soon be engaged in an important battle.

In Montenegro the Austrians continue their advance. Elsewhere in northern Balkans no heavy fighting has been reported of late. Italy's adherence to the agreement not to conclude a separate peace was welcome news in England, for the failure of Germany to give more than big promises of military support to Serbia caused her disappointment. Little light has been thrown on the mystery of Italy's policy in not declaring war on Germany.

In this connection it is noted that other nations face a similarly delicate situation. It is reported the Austrian flag instead of Bulgarian was hoisted over Monastir, presumably in an effort to relieve Bulgaria of possibility of offensive charges.

Except for Russian reports of minor successes on the Dvina in the north and on the Styx in Galicia, no news has been received from the Russian front.

Tells of Monastir.
Milan, Dec. 3.—A correspondent of the Corriere della Sera, who departed from Monastir on the last train which left the city, reported that 4,000 Serbian troops sent to assist Colonel Vossitch, the Serbian commander, were too exhausted on their arrival to take part in the fighting. They had marched over the rough Albanian roads, struggling through snow and rain. Some times they went forty-eight hours without food.

Not a fighting force, but a group of exhausted men, the correspondent said, they were fit only for the hospital, they at once went to the front on the general retirement of the army.

"It seemed only the spectre of an army, as it faded out of sight, snow falling about the soldiers in icy blizzards."

As the train drew away from Monastir, the correspondent saw in the distance the faint gleam of light. It was the Serbian headquarters, where Colonel Vossitch was still at work, determined to be last to leave the city.

Russ Ready to Strike.
London, Dec. 3.—News that the Russians have entered Bulgaria has some speculation as to the next development. Reuter's correspondent at Saloniki telegraphs: "It is expected that the Russian situation of Bulgaria and will modify the whole aspect of affairs in the Balkans."

Austrians Occupy Monastir.
London, Dec. 3.—Occupation by an Austro-German force of three villages yesterday afternoon is reported by the Reuter correspondent at Saloniki.

The correspondent, who says his information was received by a telegram from Florina, Greece, adds that the only flag hoisted when the city was occupied was the Austrian. The Bulgarians did not enter Monastir, although a Russian detachment of the city is reported, however, that they will march into Monastir today.

German Report.
Berlin, Dec. 3.—Various minor operations along the Serbian front are recorded in today's official statement by army headquarters. No infantry operations of moment are chronicled.

In Belgium hostile French outposts were surprised northeast of Nieuport by a German detachment and several prisoners were taken.

Word of a French bi-plane was forced to land under the fire of German artillery, and its occupants, two officers, were made prisoners. It extended on the Belgian coast, was surrounded by British monitors, but without effect.

Against Russia.
German troops of General Von Linde, an army of the Russian front, attacked a Russian detachment on the river Elbr in Volhynia, north of the railroad from Kovel to Harny. Sixty-six men were taken prisoners.

Scattered in Serbian detachments in the region southwest of Mitrovitz, near the Montenegrin border, were defeated by Teutonic forces in engagements yesterday, and more than 2,000 Serbians were taken prisoners, it was officially announced today.

Russ vs. Turk.
Constantinople, Dec. 3.—Fighting between forces of Grand Duke Nicholas and their Turkish opponents on the Caucasian front is proceeding under most adverse weather conditions. An official statement says:

"Activity on Caucasian front is hampered by fresh snow, which is ten feet deep, and also by cyclones."

LA FOLLETTE'S TOUR PROVES UNEVENTFUL

SPEECHES FAIL TO STRIKE POPULAR CHORD. SENATOR IS READY TO ADMIT.

(BY ASSOCIATED PRESS.)

Madison, Wis., Dec. 3.—Senator La Follette and his campaign tour managers returned to Madison on Thursday, and if the reports coming from the La Follette camp are correct, not entirely satisfied with the tour thus far.

The speech which had been advertised for Lancaster, Thursday night, had been postponed. It is reported that the reason was not the fact that a church sociable would conflict with the speaking date. The real reason would be the fact that the senator, having tried on his two speeches which were no longer in making, is disgusted with them. It is said that the La Follette headquarters here were busy on Thursday preparing a new speech.

Audiences Unresponsive.

The senator addressed four audiences on the tour at Richland Center, Dodgeville, Argyle and Monroe. Only one of these stops did he talk to a large audience, and that was at Richland Center, where he was at half before his speech was concluded.

At Richland Center the lack of applause and indifference of the audience led the senator to refer to his effort as "rotten." In his own words, "At Dodgeville empty chairs greeted him when he started to speak and there were many more before he had been talking an hour. At Argyle, perhaps, he lived there when a boy, but there were many disappointed hold there."

There is small reason for doubting that the senator was not satisfied with his Monroe speech after he had seen it in print. Not all of it was delivered but the few ardent La Follette papers printed it in full. In Madison the opinion expressed wherever men upon politics was that the attack upon La Follette and his campaign managers was weak. The principal charge which he made against the campaign was that he believed more in education of those who violated laws than in persecution practiced by Commissioner Emery.

The speech recalled an incident known to many Madison people, where a farmer, at first, tried to circumvent the law by owning three cows and milking did not test up to standard. A hardship which did not know the circumstances did not think was warranted.

Speeches Summed Up.
Senator La Follette's speeches thus far have been characterized as follows:

He has devoted much of his time to a history of political campaigns in Wisconsin of the past twenty years. He has not gone into details when referring to local conditions in Wisconsin.

He has attacked Governor Philipp in general way, but has not gone into details when referring to local conditions in Wisconsin.

SHIP PLOT CASE STILL HANGS FIRE

JUDGE HOWE GRANTS POSTPONEMENT FOLLOWING JURY'S VERDICT OF "GUILTY."

ATTORNEYS NEED TIME

Lawyers for Four Convicted Hamburg-American Line Officials Not Prepared With Necessary Motions.

(BY ASSOCIATED PRESS.)

New York, Dec. 3.—The federal district court's final disposition of the case of Dr. Karl Buehn and his three associates in the Hamburg-American line, convicted last night of conspiring to deceive and defraud the United States, hung fire today.

Judge Howe had set this noon as the time for hearing the usual formal motion of the defense, but when court convened the defendants' lawyers announced they were not yet ready.

The late hour last night when the verdict was reached, was assigned as reason for their failure to prepare for the necessary motions. Judge Howe granted further postponement until tomorrow morning. At that time, motions to set aside verdict and to arrest judgment pending appeal will be heard. Verdict of guilty.

The jury in the United States district court returned a verdict of guilty last night against Dr. Karl Buehn and three other officials of the Hamburg-American line.

The four defendants were charged with conspiracy to deceive and defraud the United States government by obtaining clearances for relief ships laden with coal and other supplies sailing from American ports for German cruisers in the Atlantic early in the war.

The maximum penalty for each indictment is two years' imprisonment and \$10,000 fine.

Sentences were not imposed at once because of the late hour when the verdict was reached.

Verdict on First Bailout.
The jury, reported to have taken only one hour to reach the verdict, hours of discussion of the evidence. It was given the case at 2:40 o'clock in the afternoon. The foreman, George W. Palmer, announced the verdict at 10:10 o'clock at night.

An appeal, it seemed certain, will be made to the federal court of appeals and the supreme court of the United States.

Meantime the defendants will probably remain at liberty under \$5,000 bail each. The four defendants affected by the verdict are:

Dr. Karl Buehn, managing director of the Hamburg-American line in New York City, and former German consul general.

George Kotter, general superintendent of the line.

Adolph Hachmeister, general purveyor in the German navy and at present a second officer in the Hamburg-American line.

United States Will Present Objections to Retention of Steamer Hocking.

Washington, Dec. 3.—Vigorous representations will be made to Great Britain by the United States against the requisitioning of American steamship Hocking with prize court proceedings. This because of receipt of official confirmation from American Consul General Young at Halifax with reports that the Hocking had been damaged and was detained at Halifax since her seizure by British warships while en route from New York to Norfolk.

WHITE AND WELSH SIGN FOR BATTLE; TWO TITLE TILTS

Chicago Left-Hander Will Meet Elusive Freddie Over Twenty Round Route With a Decision.

(SPECIAL TO THE GAZETTE)
New York, Dec. 3.—Freddie Welsh of England and Charley White of Chicago, through their managers, signed an agreement here on Thursday night to meet in a twenty round bout within six weeks for the lightweight championship of the world.

Welsh, as the champion, and White, as the challenger, agreed to meet before the club offering the best inducements, all bids for the bout to be received not later than Thursday, Dec. 16. The pugilists agreed to weigh 135 pounds at 2 o'clock on the afternoon of the battle, the contest is held at night, or 155 pounds at 10 a. m. in case it is fought during the afternoon.

Terms Named.
Their managers each posted \$1,000 forfeit for weight and further decision. To place an additional \$1,500 each in the hands of the stakeholder for appearance at the time the bout is awarded to the club offering the best inducements.

The terms of the agreement read that the boxers are to meet under Queensbury rules in a battle of twenty rounds. Bids will remain open until Dec. 15 and the fight must be held within six weeks. The referee will be selected from a list of names and each has agreed not to appear in any other match before this bout in which a referee's decision might be given.

White, of Chicago, Dec. 3.—When informed Thursday night that he had been matched with Freddie Welsh, the lightweight champion, and that the articles were signed by Charley White, who has been resting here and keeping in shape for the expected bout.

"All I want is an even break. I want a good referee, and I know I can bring back the title to America," said White.

Willard Fights March 4.
New Orleans, La., Dec. 3.—Jess Willard will meet Freddie Fulton at Rochester, N. Y., in a twenty round bout here on March 4 for the heavyweight championship of the world, according to the announcement on Thursday by promoters of the match.

Willard signed articles here several weeks ago to meet any white fighter the promoters might name by Dec. 10. Willard was made to arrange an elimination bout with Freddie Fulton, a former champion of Pittsburgh, but, according to the promoters Moran refused to meet him. Moran's pugilist and was notified that if he did not agree by Dec. 1 to do so the match would be given to Fulton. Fulton previously had signed articles to meet Willard in the event Willard's contract was not made.

Willard's contract calls for \$25,000 win, lose or draw. Terms arranged Fulton were not announced.

Fulton has been boxing about two years and in his thirty-eight fights is credited with thirty-four knockouts. Among the fighters who took the count were Jack Morgan, Jack Lewis, Tim Jackson, Arthur Pecky and Andre Anderson.

JUNEAU MADE THE GOAT FOR WISCONSIN'S SHOWING

(SPECIAL TO THE GAZETTE)
Madison, Dec. 3.—The resignation of Coach William Juneau of the Wisconsin football team has been a big surprise to the student body, but though many had anticipated some such move for several days. Not only did Juneau resign, but he has offered his services to the investigating committee, stating that he will extend whatever aid he can in probing the conditions of the athletic department.

The resignation, which was sent to the investigating committee chairman of the investigating committee, presents a strong indication that the athletic department has not been run true to expectations. The pertinent duty of the committee is to investigate the conditions of the department under which the coaching staff at Wisconsin has been laboring. The reports are at present minus these essential facts. It is definitely known now that Juneau will not come back to Wisconsin, but just what will succeed him is a matter of much doubt.

STUESSY IS ELECTED CAPTAIN OF BELOIT'S ELEVEN FOR NEXT YEAR

(SPECIAL TO THE GAZETTE)
Beloit, Wis., Dec. 3.—Fulbert J. Stuessy, tackle and fullback, of Woodstock, Ill., today was elected captain of Beloit's 1916 football team. He is a sophomore. James Todd, Jr., of Chicago is one of thirteen players who will receive Bs at a banquet to be given the team just before the Christmas holidays.

Other Illinois boys who will receive emblems are Dena H. Sheppard, Oak Park; Richard Vance, Joliet; Philip T. Sprague, Lockport; Franklin C. Kriesath, Dan; and Frank E. Johnson, Elwood H. Aldrich, and Robert Rogan, Rockford.

The Chicago Cubs next spring plan to jump from their training camp at Tampa to Mobile, thence to New Orleans, up to Memphis, and so on. And it was stated only a week ago that the team would avoid cities that have regular ball teams. You can't even believe what a magnate says about a training trip.

CRACK ROCKFORD FIVE WIN FROM LOCAL TEAM

Bowling Team From Illinois City Wins From Miller's Janesville Team by Wide Margin.

Miller's Janesville team were humbled last night when they were up against the Lewis Branch Team from Rockford. In all three of the events the crack Illinois team was victorious. The visitors' individual star for the evening was Fred Scheld, who had the highest average in the three events. He rolled 200 in each of the first two and 180 in the last event. Scheld was high man, though, with 218 pins. Higgins on the local team followed him closely for the high honors with 217 pins.

Other Games.
Two teams from the Janesville Business college bowled and the Blues were defeated by the Reds and Sten. The Colts defeated Scriven's Barbers. At the Y. M. C. A. alleys last night a Y. M. C. A. team defeated the Myers Hotel five by a large majority of pins. Lineups and scores:

PLENTY MATERIAL FOR BADGER FIVE

Wisconsin Hopes to Shine in Conference Basketball This Year With Regular Back.

(SPECIAL TO THE GAZETTE)
Madison, Dec. 3.—Wisconsin is looking forward to a big season in basketball with more veteran material back in school than any other conference team can boast of. Four regulars from the 1914 quint are playing their usual good game, while the raw material is working splendidly at present. Captain, M. Haas and George Lewis, both "B" men, will hold down the forward jobs as they did last year. It is expected, while H. Smith, 17, and Lynn H. Smith, 16, will play at guard, the assistant.

Of last year's reserve list, F. S. Morris, 16, a guard, and C. S. Thomas, 17, a forward, are the most prominent.

A squad of twenty-five players will be carried all season, according to Coach Doc Meanwell. He does not encourage the four regulars to any extent since he is to investigate the eligibility of strong enough to give the "vets" good opposition. Chandler, McIntosh, Birch, Eber Simpson, Paul Meyers, Mangel, Hoppert, Hanson, Nielson, Winder, Case, Carlson, Carroll, Anderson, Bryden, Bauman, Bascom and Terman are men of exceptional ability, and may be called upon many times during the strenuous season that commences on December 10, with a game against Beloit on the local floor.

Chandler and Carlson are the strong bids for the center job. This position is thus far the most important, but hopes are being entertained that Chandler, a speedy player, will brace up and hold his own against the other conference centers.

The schedule involves many conference games to be played away from home. This fact may cost the Badgers an even chance for the title, but they are building up a defense that is almost impregnable against the strong ineligibles. The schedule of conference games is as follows:

Jan. 5—Purdue at Lafayette.
Jan. 10—Chicago at Madison.
Jan. 10—Minnesota at Madison.
Jan. 18—Northwestern at Madison.
Jan. 22—Illinois at Urbana.
Jan. 23—Chicago at Chicago.
Jan. 23—Illinois at Madison.
Feb. 25—Purdue at Madison.
Feb. 28—Iowa at Madison.
March 4—Minnesota at Minneapolis.
March 8—Chicago at Madison.
March 11—Northwestern at Evans-ton.

Nearly All Coaches of Leading Teams In Harness for 20 Years

—By FIELDING H. YOST—

Copyright 1915 by the Central Press Association.

The 1915 football season developed some great stars and several brilliant teams, but at the same time it got off with a bad start, and early results disappointed many lovers of the game.

No doubt the general public concluded, after some of the most conspicuous university teams had been beaten by small colleges early in the fall, that the season would turn out to be one of a fizzle. Schedules were so arranged that there was no definite elimination of contenders. Therefore, the results from week to week seemed more or less inconclusive.

It takes a stirring championship race to arouse general and spontaneous enthusiasm. Thus, while several teams of remarkable brilliance were fighting their way through a victorious conclusion, there was a general apathy on the part of the public, which continued until the stirring games at the season's close.

In reviewing the work of the season, it should be made clear at once, that in comparing the victorious teams I am considering only those that observe the three-year playing rule.

It is not fair to consider in the same class the teams that play men three years and those that work their way for four seasons. The former would be under a handicap in such a comparison, of course. This is not taken into account by the general public, which pays heed only to the scores, and which is not aware of the handicap referred to.

In the east, three teams were very strong: Cornell, Harvard and Syracuse. The latter had fewer points scored against it than had any other team. These points included three by Princeton and seven by Michigan.

F. H. Yost.

Syracuse defeated Colgate 38 to 0. Cornell beat Yale 19 to 0. Cornell won all the games on its schedule and was the only team to beat Harvard in the last three years.

Although Cornell defeated Harvard, it is my opinion that the teams were not evenly matched. Harvard might turn the tables if another game were played. Harvard had her usual high-class, finished team, winning her two big games from Princeton and Yale.

In the middle west three teams were undefeated. Illinois has two games, playing Minnesota 3 to 8 and O. S. U. 3 to 8. Nebraska won the championship of the Missouri valley and did not lose a game.

Minnesota's showing entitles her to the leadership of the Western Conference. Chicago lost to Minnesota and Illinois. Wisconsin's luck was poor. Because of the loss of Fullback Galvin through ineptitude and on account of professionalism, and of Halfback Smith on account of injuries, the team was so weakened that it lost its three principal games.

In the south all of the colleges play under the four-year system. Vanderbilt carried away the laurels in the Southern Intercollegiate Association, scoring 41 points to none for its opponents, up to the Sewanee game on Thanksgiving day. Vanderbilt, however, lost by a 35 to 10 score to Virginia, which is not a member of the association.

In the southwest Oklahoma reigns supreme, having defeated the Arkansas, Kansas, Missouri and Texas, as well as all the teams played in the region.

Among the teams in the east and middle west playing under the four-year rule, fine records were made by Pitt and J. C. Colgate, and the Michigan Aggies.

In my opinion, teams using men four years should play only with teams following the same rule. The additional year makes a great deal of difference in the possibilities for a team. The case of Notre Dame helps make my point.

Until two years ago, Notre Dame under the four-year rule was a dangerous adversary and defeated some very strong teams, including Yale and the Army. Last season Notre Dame adopted the three-year rule, barring first-year men, and since then she has not been heard from prominently. It surely makes a difference.

"Please let me out."
Naturally the entire four had to rise. When they got to the feet the young man sat down, while the remainder of the audience roared in glee at the four girls standing up.

Not the Raven.
Once upon a midnight dreary, when I'd pondered weak and weary
Over many a quaint and curious volume of forgotten lore,
While a short snooze I was snatching, suddenly there came a
scratching.

"Twice a very angry scratching and I was at my chamber door,"
"Scratching at my chamber door,"
Just the cat and nothing more."

I knew what the cat expected, and I knew he was elected.
So I grabbed that noisy fellow to perform my nightly chores,
Down the cold stairway I hurried, while the chilly breezelets
scurried.

Round my shins, and then I let him safely out the kitchen door.
I had put him out so often that it really made me sore,
Simply that and nothing more.

Back to my hall room I rambled, and into bed I scrambled.
When I heard a fearful wailing that I'd often heard before,
"Was the same old caterwauling and the same old feline calling,
As he vainly tried to get in at the self-same kitchen door."

Then I hastened down the stairway and was chilled through to the core,
Just to let him in once more.

MARINETTE FARMERS WAGE BATTLE WITH POLECATS; EQUALS TRENCH WARFARE

(BY ASSOCIATED PRESS.)
Marquette, Dec. 3.—War in America broke out yesterday on a farm west of Coleman, in this county. Herman Tretlow went out to his hog house with his brother Oscar, and they found a flock of seven skunks under the floor. The two men with clubs the waged battle with the odoriferous animals, and when it was over fifteen of the skunks escaped. Both men say the armies in Europe had nothing on them when it came to facing asphyxiating gas.

If you want to buy or sell anything use the want ads.

Got Even.
A young man who had been snubbed at the theater door decided to get even with his girl friends.

The girls occupied the first four seats in the sixth row and the young man had the fifth. "They paid no attention whatever to him. On the program was a monologist who began to talk of love to get a few laughs, as these wisest often do. He said: 'All the girls who are in love, please stand up.'
Turning to the girl next him, the young man who had been snubbed said:

FOOTBALL HERO IS SUED BY OHIO GIRL

Louis A. Merillat.

The way of a football hero with a maid is told from the point of view of Miss Helen Van Nest of Wooster, O., in the declaration of a \$20,000 breach of promise suit filed in Chicago against Louis A. Merillat. Merillat, a West Point Military Academy graduate, was captain of the army football team last year and was picked by several eastern critics as a member of the All-American football team. He was recently married.

It will not accept any advertisement which it deems to be a violation of the law or of public morals.

NO CONNECTION.

The moment that any talk is made of changing the policies of the government at Washington by electing a new president, we hear the cry of its being bad policy, and then the argument is raised that it is bad policy to change horses in the middle of the stream. An Eastern exchange which keeps in pretty close touch with affairs, says that an untutored mind sees resemblances where none exist. But the scientific mind sees differences. As the latter constitute only a small minority the result in our public life is a heavy crop of false analogies. Mr. Wilson's re-election, for instance, is rashly assumed in the misquoting of Lincoln's famous phrase about swapping horses while crossing a stream.

It may be pointed out that we are not crossing a stream. We are in no danger of war. If the administration is not "too proud to fight," the crowning insult of blood-money for the victims of the Lusitania, without the disavowal demanded for that appalling crime against civilization, proves that the administration will not be drawn into a fight for painfully obvious reasons.

In these circumstances that part of the country which does the real work, which runs the mills and the railroads, may well begin to consider the expediency of a radical change at Washington after the next presidential election. But for the somewhat trifling prosperity created by the enormous demand for munitions of war, it is not rash to say that 1915 would have been a bad year for this country in spite of the great crops.

Trade depression would have synchronized with a political agitation almost exactly parallel to that of the years preceding the election of McKinley in 1896. There is the same inexhaustible flood of fads and follies, the same senseless meddling with instrumentalities of business which the self-chosen regulators are incapable of comprehending.

All that is wanted is a leader like McKinley to bring us out of this Slough of Despond. Now is the time to look around for such a leader. His policy is ready made for him. It is simply to abolish useless or actively mischievous regulating bodies, and to confine the activities of irresponsible bureaus to their proper sphere.

It was such a policy as this which established that great era of prosperity beginning in 1897 and terminating in 1906. The necessity for removing the shackles from the trade, finance and transportation of the country should be clear enough to every working and thinking man. What danger there is in such a change at this time? What harm is it to suggest any lack of patriotism or any indisposition to "hold up the President's hands," in those who thus seek the true welfare of the country?

A mixed company of enthusiasts and dreamers propose to sail for Europe shortly, on a most impertinent and childish errand. This export, if we could make it permanent, would be all for the country's good, but there is much left behind with which the country can dispense to the great benefit of its health and credit.

BOX LUNCHEONS.

It was not long ago that the picnic lunch was quite unfashionable. However, popular among the common people, society considered it undignified. If you ate out of a pasteboard box, instead of going to the best hotel in sight, it was felt you were meanly trying to economize.

That point of view seems to have gone by. The automobile has brought in the habit of roadside luncheons. Even President Wilson and his bride-elect were reported a few days ago on the roadside of the Baltimore highway eating out of a basket.

Lunching out of a box on the train was once considered particularly bad form. Even if, wearied by the fatigues of travel, you wished merely for a sandwich and a banana, you were supposed to pay \$1.00 for a full course meal in the gilded dining car. Then you had to tip the waiter a quarter for services you did not want.

Today all the railroads recognize the vogue of the box luncheon habit, and have attractive hand-outs neatly put up for this purpose. It does help a lot to reduce the cost of traveling. Feeding a family on the move, at the high rates of transient and dining car service, seems to cost nearly as much as the luncheon. The use of the thrifty luncheon box goes far to make many vacation trips possible.

As for the wayside lunch of the motor party, it has something of the charm of gypsy life. In the invigorating open air it tastes better than the hotel dinner, and with the good

appetite gained out doors, it is quite as sustaining.

This is one of the many respects in which human life tends to become less conventional. People are tired of doing things merely to keep up appearances, or to conform to the habits and purses of others. The picnic luncheon may look cluttery, but it is practical, and in keeping with the out-going spirit. If it is good enough for the president, it is good enough for the rest of us.

FRESH AIR HABIT.

A text-book on physiology used some years ago in many public schools, stated that sufficient ventilation for a sleeping room was provided by a single window opened one inch for each person. Most people would choke in such a room now. Children today are taught, even in cold climates, to sleep with windows wide open. Office and factory workers find the night the one chance when they can have access of invigorating air.

An illustration of the modern feeling about fresh air was given the past week in Chicago. Fresh air coaches were run on the elevated trains, with windows wide open, to meet protests against stuffy cars. The fresh air cars were reported very popular.

Still there are a lot of people left who are fuzzy about fresh air. Even with temperatures up to 70, they fear the least stirring of air and live in terror of drafts. They begin to shiver the moment the thermometer gets down around 72. They look around crossly to see if some one has left a window open by a small crack. This is often the case with women workers in offices. They wear filmy summer waists through the cool weather, and expect the rooms to be heated to fit their filmy raiment.

The people who are most fearful of catching cold from fresh air are the very ones who suffer most from this ailment. Outdoor workers in cold climates are commonly free from it. It is the hot house life of unventilated stores and shops that inflames sensitive nasal passages. A room where a number of people work together usually has to be heated to suit the chilliest and thinnest blooded person of the whole lot.

If school children are sluggish, let the teacher throw the windows open and declare a recess. Then see how the youngsters brighten up. It would pay business people to air out every other hour just to wake their clerks up.

A COUNTY AGENT.

There is no question in the minds of the thinking men of the county that a County Agent, as suggested by the measure defeated in the November session of the county board by a narrow margin, would be of great material benefit to the whole county. It is with no selfish motive that the citizens of Janesville and Beloit urge the county board to reconsider their action and select a man for this important position. It is a matter which rests with them alone, but still the success that has attended the appointment of a county agent in other counties should prove the idea was right. There is nothing that succeeds like success and the county board can make no mistake in trying the plan at least with the offer of the Janesville and Beloit business men behind them to make it a success financially. Think it over, members of the board, and if the opportunity comes at the January meeting consider the proposition carefully before rejecting it.

It must be a source of solid comfort to some men after being ordered around by their wives for a life time, to know that they are going soon to be installed as Grand High Supreme Potentate of some order or other.

The prohibition movement makes slow progress with the great number of men who use alcohol to warm up in the morning, and to cool off at night after the day in the heated office.

The old time family used to discuss the goodness of the Lord at the Thanksgiving dinner table, while the modern family is trying to settle the goodness of the football team.

These pictures you see of the women's full and flaring skirts are not borrowed from Godley's Lady's Book of the year 1855, but are merely the 1915 fashions.

There is general reluctance to buying Christmas presents as early as this, as they are not provided with the finger marks they get after being pawed over.

With the price of such necessities as gasoline and tires rising, it is expected that the luxuries of church pews and hospital contributions will fall off.

Many patriotic communities are joining the preparedness movement by asking the government to make their little creeks navigable for motorboats.

NO ALUM in Dr. PRICE'S CREAM BAKING POWDER

Sixty Years the Standard

Made from Cream of Tartar

The modern man thinks so much of the Thanksgiving sermon that his pastor prepares that he believes his wife would better go to church and hear it.

Some men's ideas of preparing themselves to drive an automobile safely back to town is to line up at a roadhouse for a string of highballs.

The news of the fortune that one man makes in war stocks seems to travel further than the news of a score of fortunes that are lost.

Good reading for those who are looking for bargains—the want ad page.

Stupp's Cash Market

\$19 Steer Costs Consumer \$99, Profits Traced

Feeder, Packer, Railroad, Commission Men
Retailer Get the Difference

Service Is Expensive--Cutting Out the Delivery and in Reducing the High Cost of Living, Who Gets the Money?

A ranchman sold a steer for \$19.25. When killed, cut up, the edible parts of the steer brought \$99.21 at retail. The producer received \$19.25 and the consumer paid \$99.21. Somewhere between the two \$79.96 of the consumer's money disappeared. Who got it? This particular steer was followed from the field almost to the table by a writer for the Country Gentleman and the figures assume special importance. Because Armour and Co., put the stamp of approval upon them and declare them to be correct. The consumer as we said before paid the retailer \$99.21 for the meat from this steer.

The retailer paid the packer \$72.93 for it. There would seem to be an exorbitant profit of \$26.28 right there but the retailer charged up \$20.73 against this as the cost of doing business leaving a profit for himself of only \$5.45. Moreover, he says, this is no guess work, the percentage of the cost of doing business has been properly worked out, so then he knows just exactly what to charge up for it. He says that a trifle over half of this cost of doing business—say about \$11.00 in this case—is cost of delivery. The price of that service has to be added to the cost of the goods.

Over 50 per cent. of doing business is charged up to the cost of delivery. The by-products of this steer, that is the non-edible brought \$19.50—25c more than the original cost of the steer.

However \$26.28 of the consumer's money lingers in the hands of the retailer and \$72.93 goes to the packers; to this add the \$19.50 received for the by products. Making this total \$92.43, thus showing the full value of this steer to be \$113.71. We will now get the figures in more concrete form and show just where the consumer's money went as follows:

THE CONSUMER PAID	99.21
THE BY-PRODUCT BROUGHT	19.50
	118.71
The Producer received	19.25
The Feeder got	64.50
The Railroad got	1.50
The Commission Man got	.50
Feeding Enroute	.10
The Packer got	6.88
The Retailer got	26.88
Total	118.71

But there is another point of view that produces a little different result. If you, the consumer, patronized a cash market that has no delivery service, you paid \$11 less for this steer than it would cost over the counter of a delivery service and credit market. All other costs would be the same of course, but the Cash Market cuts out the expensive detail of service and can afford to sell for less.

(Elliot Flower in Chicago Record-Herald, June 23rd, 1913.

THESE ARE THE FINDINGS OF A MAN WHO WAS DEPUTIZED TO INQUIRE INTO THE HIGH COST OF MEAT AND THE REASONS THEREFOR. THESE FIGURES SHOW CONCLUSIVELY THAT DELIVERY SERVICE AND A CREDIT SYSTEM CANNOT COMPETE WITH A CASH MARKET.

COMPARE OUR PRICES AND SEE IF WE DO NOT DISCOUNT ALL OTHERS. OUR MARKET, ICE-BOX AND SAUSAGE ROOM ARE OPEN TO ALL AT ALL TIMES. WE INVITE INSPECTION. WE CATER TO THOSE WHO WANT CLEAN, WHOLESOME MEATS AT PRICES WITHIN THE REACH OF ALL.

HOLD CLUB SUPPER AND NAME OFFICERS

Daughters of Isabella Have Enjoyable Time at Annual Gathering Thursday Evening.

Members of the Daughters of Isabella had an enjoyable club supper and social gathering at their club rooms last evening, the occasion being the annual meeting of the society. Sixty members were served with chicken pie and other accessories to a delightful repast, following which the business meeting was held. The following officers were elected for the year: Grand Regent, Mrs. Edward Hemming; Vice Regent, Mrs. W. H. Dougherty; Financial Secretary, Mrs. Robert Boyd; Treasurer, Mrs. John S. Doran; Historian, Mrs. E. J. Leary; Prophetess, Miss Mary Sheridan; Organist, Miss Anna Sullivan; Manager, Miss Mae O'Brien; Sentinel, Miss Nellie Quirk; Trustees for two years, Mrs. Kennedy and Mrs. Jos. Weber, Jr.

Skating at the rink Saturday night.

OBITUARY.

F. V. Barlow.
The death of F. V. Barlow, age eighty-one years, occurred at 11:30 o'clock this morning at the home of his son, R. H. Barlow, 114 Jefferson avenue. The deceased was born in Niagara county, New York, and came west at an early age, settling at Delavan. The funeral will be held at the Methodist church at Delavan on Sunday afternoon, the funeral party making the trip overland from Janesville. Mr. Barlow was a member of the Masonic fraternity and will be buried with rites of the order.

HEALTH SUPERVISION OF SCHOOL CHILDREN IS GAINING HEADWAY

Medical and Dental Inspection, Becomes Popular in Practically Every City in Wisconsin.

[SPECIAL TO THE GAZETTE]

Madison, Wis., Dec. 3.—The movement for health supervision of school children is being extended rapidly in Wisconsin. Its first aim is medical attention for pupils and the discovery and elimination of physical defects. It also contemplates visiting nurses to follow up these cases in the home and see that the necessary treatment is given them. Dental inspection and the teaching of hygiene are included in the general plan. Numerous states have a law for the thorough examination of school children in the state. Wisconsin has gone this far, but municipalities have taken such action of their own accord.

Milwaukee hires twelve physicians and five school nurses to supervise the health of her children in school. Vaunder has four physicians and two nurses. The following cities, according to recent reports to State Superintendent C. P. Cary, employ one physician each: Ashland, Beloit, Fond du Lac, Grand Rapids, La Crosse, Madison, Milwaukee, Oshkosh, Racine, Stoughton, Two Rivers, Wausau, West Allis. The list is undoubtedly incomplete.

Marquette the local medical society has offered to give free service for the detection of malformations and imperfections in school children. Hygiene is becoming one of the principal courses in continuing schools in the state. Emphasis is laid on daily care of the teeth, frequent bathing, keeping finger nails in good condition, sleeping with windows open, plenty of exercise, drinking plenty of fresh water, eating proper food and dangers of over-eating.

Racine is discussing the establishment of a public school dental office. Many parents cannot afford dental treatment for their children. Kenosha therefore wants tooth brushes added to the text books and toothbrush drill to the curriculum. In other schools, school health leagues have been established throughout the city to arouse class spirit for cleanliness, personal neatness and health. Prizes are given for essays on cleanliness and other topics. At Janesville the Anti-Tuberculosis society is starting a movement for health supervision and dental inspection of school children. Appointments of dentists and other cities are agitating the appointment of a school nurse.

The most commonly accepted plan in Wisconsin is to have a school nurse, teachers of each grade watch carefully each child's physical condition. The appearance of any rash, fever, sore throat or other suspicious symptoms, or of adenoids, enlarged tonsils, etc., is immediately reported on special blank forms to the health officer. He or the municipal nurse examines the child at once, and if necessary sends the child home for further care. Here comes the advantage of a school nurse, to follow the child to the home and see that necessary treatment is provided. In cities where this plan has been reported great progress in eliminating disease. Defective eyesight and hearing are common ailments in Wisconsin school children. Attention is directed also to the detection of adenoids and enlarged tonsils, of swollen glands and decayed teeth.

Health supervision is also interesting to Wisconsin rural school authorities. The Milwaukee county health officer has been asked for a third county visiting nurse whose work shall include supervision of schools as well as of tuberculosis, diphtheria, and other communicable diseases, prompted by the Anti-Tuberculosis society, last month made appropriations for a county nurse. Of 1,500 children examined by Chippewa county's visiting nurse, one-third were in need of some sort of care.

Another suggestion for rural school hygiene is a proposed requirement that the supervisory teachers, provided for by the last legislature, pass an examination in hygiene, learning to detect contagious and minor infectious diseases and physical defects in school children.

A government report cites a falling off of diphtheria cases by two-thirds, and of scarlet fever five-sixths, and elimination of a large proportion of the physical defects that have retarded advancement through the grades by efficient sanitary inspection in schools.

HANOVER

Hanover, Dec. 2.—Miss Mattie Sullivan of Footville spent Saturday with Miss Helen Walters.

The M. W. A. held a regular meeting at their lodge rooms on Saturday night.

Clayton Jackson and Henry Schraeder were Janesville visitors Saturday.

Ralph Ehrlinger, who has been here on a vacation, returned to Milwaukee Sunday.

Mr. and Mrs. Fred Bohling of Janesville spent Sunday with their parents, Mr. and Mrs. William Bohling.

Miss Mabel Meybader of Woodford, Wis., and Miss Grace Mayhew of Monroe, Wis., who have been visiting Mr. and Mrs. George Meythaler, returned to their homes Sunday.

Miss Mamie Blum of Janesville spent Sunday with Mr. and Mrs. Mose Seidmore.

Charles Lubbe and Frank Ross were over Sunday visitors in Janesville.

On Friday evening at the M. W. A. hall the Young People's Society of the White church will give a box social. A short program will be given, to which all are invited to attend.

Miss Cora Lentz was a Janesville visitor Wednesday.

Mr. and Mrs. Rennie Jackson attended the bazaar at Plymouth Tuesday night.

Saturday, Dec. 4th, 8:30 p. m. Regular meeting of the congregation of officers. P. FELTEN, Pastor.

PRICELESS RELICS FOUND EXCAVATING IN KOREA

Seoul, Korea, Dec. 3.—Priceless relics of a Korean era fixed at 1,300 years ago have been found during excavations at the ruins of the old Shilla dynasty, some of which are of the original workmen of Korea, at Kyongju. Workmen digging the foundations of a nine-story tower discovered an old stone coffin containing a jeweled ornament, a gold bell, a silver bell, a gold vase, a stone gourd, some exquisite comma-shaped jewels and other relics.

In this connection, it has been noted that one of the three sacred treasures of Japan, which symbolize the sovereignty of the Emperor, is a comma-shaped jeweled necklace. This jewel is borne to Kioto for use during the coronation ceremonies.

Milton News

Milton, Dec. 3.—The W. I. V. club met with Miss M. E. B. on Thursday. The program was as follows:
We sacrifice to dress, till household joys
And comforts cease. Dress drains our
cellar dry
And keeps our larder lean. Puts out
our fires,
And introduces hunger, frost and woe,
Where peace and hospitality might
reign.
Dress and Department:
Discussion—Mrs. E. E. Campbell.
Music—Miss Post.

Responses to Roll Call from Whittier.
Mrs. W. P. Clarke underwent an operation at her home yesterday. The Doctors Post of Chicago, and Dr. G. B. Grosley performed the operation, which was successful and no ill results are anticipated, but recovery will be a slow process without doubt.

The village board has christened the park north of the railroad tracks the "Clark," and erected signs to that effect.

Miss Hazel Palmer of Lima, was a guest of Mrs. A. M. Thorpe yesterday.

Leta Fuller is on the sick list. Mr. and Mrs. W. H. Peabody of Johnston, are guests of Mr. and Mrs. August Keger.

Miss Lois Morrey returned last evening from her Chicago visit.

Miss Florence Woolworth of Albion, is assisting Mrs. G. W. Coon with her household duties for a few weeks.

"DON'T LET MOTHER KNOW," SAYS MURDERER AS SWITCH IS TURNED.

[BY ASSOCIATED PRESS.]
Columbus, O., Dec. 3.—That his mother may never know that he died in the electric chair for killing another man was one of the last rays of hope for the murderer, sentenced to be executed before dawn today at the state penitentiary here, as a penalty for murdering Detective Kaiser Bartel in Columbus last September. Officials promised him that they would not tell her.

A little more than two years ago Skribner left his mother in Odessa, Russia. Together they had scraped and saved \$200 so the boy could come to America, make good and bring her to live with him. The pride and confidence she has in him show plainly in the letters found among Skribner's effects.

Skribner said his mother was his only living relative. That he made no friends in America, aside from the Columbus woman with whom he became infatuated and who, it is alleged, took his money and lured him and caused the murder of the Detective who tried to arrest Skribner.

Somewhere down a by-street in the city of Odessa this morning an old woman dreams as she pines around her scantily furnished rooms, of a boy who is working hard at a good job somewhere in America.

The old woman never heard of the Ohio state penitentiary. If someone showed her a picture of it this morning she wouldn't know what it was.

Not would she recognize a photograph of the death chamber, where a man with masked face sits strapped in a chair, where three guards, half-concealed by screens, rest their hands expectantly on electric switches. And if this scene were reproduced in motion pictures before the old woman's eyes, just as it is happening today, she would not know that the dying man in the chair was her son.

MAGNOLIA RESIDENT PASSES AWAY AT EVANSVILLE HOME

[SPECIAL TO THE GAZETTE.]
Caldwell Center, Dec. 3.—Calvin Shurtzoff died at his home in Evansville, Nov. 24th, aged 84 years, after an illness of two months' duration. He was an old resident of the town of Magnolia. The past seven years he has made his home in Evansville. He leaves to mourn his loss a wife and five children: Mrs. Sarah Flora, Alva; James, of Evansville; Mrs. Flora Cartwright of Magnolia; Chester and Mrs. Blanche Richardson of Evansville; also nine grandchildren and one brother, Richard Flora. The funeral was held from the home at two o'clock Saturday, and interment was in Evansville.

Mr. and Mrs. R. B. Townsend announce the arrival of daughter at their home in Evansville.

Miss Francis Mau has commenced to work in the Terry-Johnson store in Broadhead.

R. Acheson and daughter, Ruth, were Footville visitors Wednesday.

Mr. and Mrs. Frank Erdman are moving on a farm near Orfordville. Their many friends here wish them success in their new enterprise.

Mr. and Mrs. Will Mau were Footville shoppers Wednesday.

Genie Rowland transacted business in Evansville, Tuesday.

Mrs. Fred Mau and daughter, Lissie, are moving to Broadhead. They recently purchased the Douglas property there. We are sorry to have the family leave us, but wish them success in their new home.

Mrs. Gene Rowland and daughter and Miss Blanche Townsend were callers on our street Tuesday.

Mrs. E. B. Anderw is entertaining the large group on the sick list.

Mrs. Jessie B. Harvey is visiting at the home of George Townsend.

The sympathy of this community is extended to Mrs. Clifford Cartwright in her recent bereavement.

Rev. E. G. Bird left Wednesday for La Valle to attend conference.

Mrs. Charles Briggs and Mrs. George Townsend, Mrs. William Letts,

FEW STATE COUNTIES WILL HAVE CONVICT LABOR ON HIGHWAYS

[SPECIAL TO THE GAZETTE.]
Madison, Wis., Dec. 3.—Few counties are going to take advantage of the offer of the state board of control of the use of convict labor in building roads.

Reports coming in from meetings of county boards indicate that the supervisors believe if they employd convict labor they would be depriving many laboring men of work.

Worth is the latest county to hold this view.

PLYMOUTH

Plymouth, Dec. 1.—Mrs. Lewis Hamman returned to her home at Broadhead Sunday, having spent the week with her sister, Mrs. Minnie Steigmann and family.

John Swann and family spent Thanksgiving at Mr. and Mrs. Anderson's of Orfordville. Miss Anna Anderson returned home with them for a visit.

Mrs. Charley Kettle and children were guests of relatives at Janesville over Sunday.

Born to Mr. and Mrs. Charley Burrows Saturday night, Nov. 27, a baby boy, A. C. Rinehimer.

Mr. and Mrs. Charley Rinehimer entertained at Thanksgiving dinner: Mr. and Mrs. Hendrickson and family of La Prairie, Mr. and Mrs. A. C. Rinehimer and son, Vernon.

The annual M. E. church bazaar held at the M. E. church parlors Tuesday evening, was attended by a large crowd. The proceeds amounted to \$45.

Will Cole of Clinton, was a recent visitor with relatives in the vicinity.

Mrs. Flora Perkins of Beloit, is spending the week with her sister, Mrs. E. C. Rinehimer.

Fred Buskirk and family and Adel Postline ate Thanksgiving dinner with Mr. and Mrs. John Jackson and family at Hanover.

Mr. E. C. Rinehimer met with a very painful accident a few days ago. While shredding corn, a stalk flew up and cut his eyeball, inflammation setting in. Mr. Rinehimer was taken to Janesville, where he had an operation on Wednesday morning and his eye removed. Reports Thursday morning were that Mr. Rinehimer rested easily during the night. His many friends hope for his speedy recovery.

Mr. and Mrs. Herman Damerow entertained Thanksgiving at dinner: Mr. and Mrs. William Schroeder, Sr., and family of Hanover; Mr. and Mrs. Otto Schuman and children of Janesville; Mr. and Mrs. William Schroeder, Jr., of Rock.

AVALON

Avalon, Dec. 2.—Mr. and Mrs. B. P. Irish returned Monday after spending Thanksgiving with their daughter, Mrs. William Morton, in La Prairie.

Ralph Dodge of Milwaukee spent Thanksgiving here with his parents.

The dance at the hall last operated night was a very enjoyable affair in spite of the bad weather.

Miss Irene Irish entertained ten young ladies at a 1:30 dinner Friday, in honor of Maude Taylor of Cherry Vale, Kansas. A four course dinner was served and a pleasant afternoon spent by the company.

Miss Bessie Voltz left Monday for Chicago, where she will enter Sheridan Park Hospital and take a course in nursing.

Mrs. Clark Wetmore and Mrs. G. Deakmon entertained the Parkin club at a one o'clock dinner Saturday at the home of Mrs. Wetmore.

School in the Cooper district is closed the teacher, Miss Ruth Taylor, having the mumps.

Miss Erdman and pupils enjoyed a Thanksgiving dinner at school last Wednesday.

Mr. and Mrs. A. Reid spent Thanksgiving with relatives at Dundee, Ill.

Mr. and Mrs. William Reid, Robert Reid and Mary were the guests of A. Reid, Jr., of Janesville at Thanksgiving dinner.

Mrs. Herbert Taft went to Milwaukee Monday morning for an indefinite period.

Jacob Elmer, Jr., departed on Tuesday morning for St. Louis, where he will spend a number of weeks with relatives.

Sam Amstutz, Jr., and R. A. Barney are in Milwaukee for a few days' stay, having departed Wednesday morning.

Mrs. Jacob Zweifel of Mineral Point, is here for a week's visit at the home of her father, David Klassey, having arrived Monday noon.

Lloyd Bumgartner, the ten-year-old son of Mr. and Mrs. Conrad Bumgartner, is suffering from an attack of pneumonia.

Mrs. Maria Loveland returned Monday from a few days' visit at the home of her daughter, Mrs. Charles Lee, at Shullsburg.

E. L. Edwards, county highway commissioner, was in town from Monroe on official business yesterday.

GLASS OF WATER BEFORE YOU EAT ANY BREAKFAST

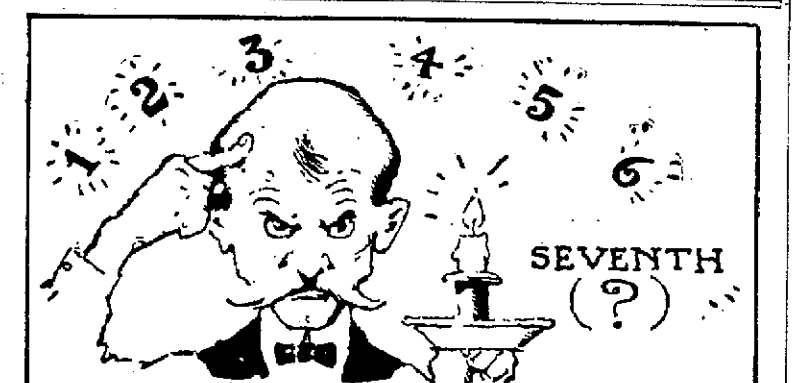

Wash Poison From System Each Morning and Feel Fresh as a Daisy.

Every day you clean the house you live in to get rid of the dust and dirt which collected through the previous day. Your body, the house your soul lives in, also becomes filled up each twenty-four hours with all manner of fifth and poison. If only every man and woman could realize the wonders of drinking phosphated hot water, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

Everyone, whether sick or well, should drink each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the throat, feet of bowels do.—Advertisement.

Remember two too.

The creamy character of Sterling Gum is not accidental. It is the result of an extremely thorough process of refining. The result is point 2—"Velvety body, NO GRIT."

1—Crowded with Flavor 3—Crumble-proof 5—From a daylight factory
2—Velvety body, No Grit 4—Sterling purity 6—Untouched by hands

What?

Sterling Gum
The 7-point gum

PEPPERMINT—RED WRAPPER
CINNAMON—BLUE WRAPPER

Suitable rewards for the discovery of the 7th point will be offered later.

REHBERG'S

The Christmas Store For Men and Boys

Your clothes are your most personal and intimate possessions—you want them to set "snug" look trim and prosperous and thoroughly "at ease" and that's our way of thinking too. To these qualifications we add service and value in generous proportions. Right now we've some specially large and interesting displays of suits and overcoats.

Suits or Overcoats Tomorrow at \$17
Regular \$20 Values

The latest models, suit or overcoat, tailored from splendid quality fabrics in practically an unlimited range of colorings and patterns. You'll find them in every way superior to any garments you've seen at this price.

Remember, the price, \$17, regular \$20 values.

Rehberg's Great Shoe Department

When you come to this store the first time, you will be well pleased to find that the Rehberg idea is to satisfy you, not merely to "make a sale."

Lots of things help in this. You can see the largest stock of fine shoe styles in Janesville; just so many more chances to find what you want.

Then there is the Rehberg service, that fits you correctly; the Rehberg guarantee that keeps you satisfied; the Rehberg honesty that gives you dollar for dollar value.

All this makes friends of our customers and customers of their friends.

NEW WINTER STYLES IN SHOES AT

Ready with the finest stock of Christmas Slippers we've ever shown.

WOMAN'S PAGE

Married Life on \$80 a Month

By Mrs. E. A. Leonard

"There is a light at the doctor's. Drop me here, please, Mr. Jaynes. I can't sleep without telling him about the good news," said John Sumner as they neared the doctor's home.

"Oh, I'll get out, too, if you don't mind," chimed in Molly eagerly. "I can't bear not to see how they receive the news."

"What's the matter with the whole bunch stopping?" asked Jaynes, turning his car up the driveway.

"Hello, there!" he called as the car stopped. He'll think he's in for a night ride," chuckled the big, good-natured fellow.

The doctor appeared on the porch, and Jaynes on him, exclaiming: "Want some company? We have good news for you."

"Sure thing! Is his a surprise party?" The doctor came forward to assist his unknown callers to alight.

"Oh, doctor," exclaimed Mrs. Sumner, as he helped her out, "we could not sleep without telling you the good news."

"Eleven o'clock is a rather late hour for this little berg, but we saw the light and our news would have burst any attempt to suppress it," said John gaily.

"The Sumners, Good! And Jaynes! How are you, old man?" The doctor was shaking hands all around. "I like the combination; I begin to get the vibration. Come in and tell me all about it."

Olive came forward to meet her friend, full of sympathetic happiness, for that her friends were happy there.

could be no doubt. "Is it all right?" she whispered in a little aside to Molly, unable to wait longer for the disclosure. Molly nodded radiantly.

"Come, now, cough up your news," chaffed the doctor. "I am simply bursting with curiosity," said Jaynes, turning to his employer.

"Well, we've caught the thief. I say we, the real heroine is not here. We have just taken her home. Do you know that plucky little stenographer never let a light in the office to him right in the act of robbing the safe. She locked him in and telephoned for me. It didn't take me long to reach there, let me tell you. I had come with me the expert from Kansas City. I left him at the office to pick up on the way back. Our right about our friend here. He put his hand on John's shoulder. "And I'm mighty glad you were. I want to tell him he's got a mighty good friend in you, doctor," Jaynes turned to John, who, doctor.

"I didn't need this experience to tell me that," said John as the doctor gripped his hand.

"Now, take off your things. We have got to celebrate with a little spread." The doctor commenced to unbutton the overcoat with both hands.

"I'm afraid we ought not to stay," demurred Molly. "I left Mrs. Moore with Jack and I told her that I would not be gone long." Molly's tone was regretful.

"If it all right with her. She is a friend of mine," instead the doctor.

"And Cane, I can't leave him so long," put in Jaynes.

"Go get him, we lay the spread. It will not take long. We have simply got to make this a memorable evening."

They all agreed that it was an evening never to be forgotten when they parted after midnight.

(To be continued.)

SIDE TALKS

By RUTH CAMERON

YOU CAN.

"I simply can't put my mind on my work when I know I've got to stop in an hour or two," I complained the other day.

"Can't you change the first four words of that?" suggested my candid cheerfulness.

"To what?"

"To 'I simply will put my mind on my work.'"

It was a very old thought in an application concrete and personal enough to make it seem new.

"There is no such word as 'can't' in the bright lexicon of youth." We all know that saying so well that it has passed into the class of trite sayings that only humorists and back numbers think of quoting.

How we pamper those little weaknesses.

Yet, as is the case with many sayings whose familiarity prevents their making any impression upon us, the thought behind it is a force that cannot grow old. Moreover, to judge

from the way we pamper our little notions about what we can and cannot do, the habit of applying that force to our every-day affairs is by no means a matter of course with most of us.

"Yes, I know I worry more than I need to and I know it makes me unhappy," says a friend of mine, "but I can't help it. That's the way I'm made."

Suppose she substituted, "but I will help it" in her mind for "I can't help it" and kept on thinking "I will help it" every time she found herself worrying, wouldn't it just have to make some difference in her ability to control her tendency to worry?

"I can't concentrate when anyone is in the room. I must have perfect quiet to do my best work," is one of my favorites.

I ought to be ashamed of myself. "Shame on you," I ought to say to myself. "Think of what Jane Austen did in that busy paragon library. Say 'I will concentrate no matter what is going on around me.'"

We are altogether too prone to regard certain faults, certain weaknesses, especially those we think we have inherited, as necessary and hence excusable.

No fault is necessary and hence no fault is excusable.

We inherit tendencies to faults just as we inherit tendencies to disease, but we don't have to give either free rein.

We all thrive on bad air and lack of bodily exercise.

Faults thrive on "I can't" and lack exercise of the will.

Saying "I will" to your fault and keep on saying it until the fault is exercised out of you.

WITH MY LETTER FRIENDS.

Question—Should parents oppose the choice of their children in marriage?

Answer—Of course, if they have some really good reasons, such as their positive knowledge of the physical or mental unfitness or bad habits of the party chosen. But if they don't wish to defeat their own ends, they had better use tact in the manner of their opposition.

Question—I would like to know your opinion of kissing games.

Answer—All right for children to whom a kiss means no more than a hand clasp and who don't usually care to play them, but of the question for young people who have reached an age where a kiss has more import.

Plain Gold Bands no Longer Goes When "Maid of America" Takes Wedding Vows.

Adieu, farewell you plain gold band That once adorned each fair bride's hand; It seems that you are to be canned.

If vulgarly we phrase it, The modern bride now takes the stand That she must have a ring more grand.

On bridegroom's purse 'twill make demand But he will have to raise it.

New York, Dec. 3.—The girl next door is going to be married next week. Her prospective supporter is busy looking for a job in the meantime. The wedding ring may ring a little flat to the bridegroom, but there'll be nothing flat about the wedding ring. It's platinum, set with eleven diamonds.

An unchased gold band may be chaste, but it isn't chased after the 1915 model brides. After all, this golden link in Hymen's fetters must just as well be as ornate as it is binding.

It was a step toward emancipation when the brides of seven or eight years ago cast off the massive and cumbersome bull's-eye band of their grandmothers and spanned their dainty little left third fingers with a narrow yellow circlet.

Now nothing will do but a diamond band bracelet, one of platinum or, if it must be gold, one heavily hand carved and decorated.

A progressive western jewelry firm has on hand two charming wedding rings: one dubbed "The Venus," the other, "The Orange Blossom." They come in green gold, in platinum or diamond-studded. Fittingly symbolic, the Venus is decorated with a design of myrtle, the vine sacred to the goddess of Love and Beauty, and the orange blossom design needs no explanation of its symbolism.

That well known advertised young heiress, Eugenia Kelley, when she became the second bride of David, the other day, unwittingly became the arbiter of the latest fashion in wedding rings. When the bridegroom forgot such a mere detail, she was married with a quaint copper ring of her late father's.

Ring the changes on the wedding ring is almost bound to cause a bargain rush on the divorce court. All of the brides of yesterday will be anxious to change "little old-fashioned" wedding for one of the lovely new ones.

Another dire possibility is that the ringing of bridal bells may be hushed throughout the land if the bridegrooms go on a strike and refuse to accept the ringing of the bridal bells in the new, elaborate manner in which they wish to be accustomed.

URGENT.

Mistress—What do we need for dinner?

Servant—Sure, ma'am, and I've tripped over the rug and we need a new set of dishes.

If you have anything to sell, tell me.

Dear Mrs. Thompson: (1) I am a young girl and have been going with a boy for eight months. This boy is very nice and hasn't many bad habits. He is respected by everyone.

Before I went with this boy I was going with a boy who was out of my mind. When I went I promised to go with him when he came back. He would come back in several months. He has been gone now eight months and I have fallen in love with the boy I am going with at present. My parents think I am more of him than the one out west. I think a great deal of both of them, but the one I am going with now has asked me to marry him.

Would it be all right to give up the one out west?

(2) Should I write to the one out west? My friend can hardly stand to have me, but I hate to quit because I think the much of him.

(3) If I quit what should I say in my next letter?

(4) The boy out west writes to other girls, too. Do you think he really intends to go with me when he gets back?

Dear Mrs. Thompson: (1) I am a girl of eighteen. I have dark brown hair, brown eyes, dark eyebrows and eyelashes and a light complexion. What colors would be most becoming to me?

(2) What would be a suitable birthday present for a girl of nineteen years?

In a few minutes after using a little soap on my face it becomes streaked and pale-looking. Can you tell me of something that will freshen my complexion and will not rub off so easily?

(3) Yellow, red, old rose and blue. I will have to judge myself about what shades of blue.

(4) A book, gloves, lingerie pins, or a slipper bag.

(5) Use a massage cream before applying the powder, and don't put on too much powder.

HEALTH TALKS

By WILLIAM BRADY, M. D.

THE TREATMENT

True to our promise, we continue the subject of goitre, including in a few morbid remarks other remedies. Our preceding discussion of symptoms, some of the mysteries of symptomatic ignorance of the cause or causes of these common ailments.

We described three kinds of goitre: (1) Simple goitre; (2) exophthalmic goitre; (3) exophthalmic goitre.

The treatment of simple goitre is, we regret to confess, summed up in one dangerous word, iodine. Dangerous for this reason: if, perchance, one should use iodine locally or internally in any form as a remedy for exophthalmic goitre one would be likely to do much harm. And if one would probably for cystic goitre one would probably do much good.

For simple goitre, when you are quite sure it is simple goitre, the sparing use of iodine is the remedy.

While a painting of the swelling once a week or once in ten days with a weakened tincture of iodine is usually helpful, perhaps the wiser plan is the internal administration of some suitable salt of iodine by the family physician. What is one patient's remedy is another's poison, and no one but the physician is capable of deciding what is best in a given case of goitre. One patient will require ten times more iodine than another could safely take, regardless of the size or duration of the goitre.

We still have with us the mysterious medicine man (or woman) who delights in strange and shocking remedies. Amulet beads, snakes, toads, lizards, spiders, and the magic touch are tried on many cases of goitre, all without avail, except the last mentioned measure.

QUESTIONS AND ANSWERS.

Exercise Before Bedtime.

Is it a good plan to spend ten minutes at physical culture stunts before going to bed, or should one take the exercise earlier in the evening?

Answer—It is a good plan to exercise before retiring. It is especially good for sedentary people, brain workers who do not sleep any too well.

And Stoking the Furnace.

Please set our discordant household right. We have a quarrel every night over the question of a midnight lunch. Is it right or wrong to take a light lunch before retiring?

Answer—For this, anemic, nervous, frail, sickly or delicate people a light lunch before retiring is just what the doctor orders. In fact, a high living, dasyptic, bilious or overfed persons the rule is to retire without that indulgence.

SHINGON SECT OF CHINA ADOPTS NEW REGULATIONS

(SPECIAL TO THE GAZETTE)
Tokio, Dec. 3.—After an eleven days' conference at Kishu, the Buddhist sect known as Shingon has adopted two steps which, according to its leaders, bring the sect into paths of modernism. The first is to ratify the extension to women of the right of pilgrimage to the famous Koyasan monastery which stands in the mountainous region in Kishu, a right which has been restricted to the male sex from times immemorial. The second step was that of extending recognition to the marriage of its priests.

The Shingon sect has stood for centuries since it was founded in the ninth century. The recognition of marriage took the form of a resolution declaring that the son of a rector of the monastery would be recognized as the

first candidate for the rectorship upon the death of the incumbent.

SEVENTY-SIX YEAR OLD VOLUNTEER GIVEN MEDAL FOR HEROIC WAR SERVICE

(SPECIAL TO THE GAZETTE)
Paris, Dec. 3.—One of the soldiers who recently received the war cross is Corporal Charles Surugue, former mayor of Auxerre, a 76-year old volunteer who has been at the front from the beginning of the war. A citation in the orders of the day says that the aged volunteer "has participated as a sapper and miner in all the work of the trenches, night and day, under the enemy's fire without once weakening."

Monsieur Surugue is a veteran of the war of 1870; he had received the red rosette of the Legion of Honor before the war.

Just taste it yourself

LET the children have all the Sims they want. When you remember that the leading hospitals of the Northwest, which are recognized by physicians to be the most efficient in the world, use Sims in their convalescent wards, you will see how good it is to build up strong sturdy bodies.

Sims Breakfast Food is made from the creamy hearts of best selected Northern wheat to which has been added roasted barley malt.

Sims lasts longer and goes farther than any other breakfast food. Made in a sanitary factory and sealed in waxed paper Sims is never touched by human hands.

Sims may be prepared in many delicious ways. Telephone your grocer now and try some for breakfast to-morrow. You will never know how good it is until you taste it yourself.

WHY DINING CAR CHEFS PREFER

KG BAKING POWDER

Those who have had cakes ruined by jarring the stove, slamming the oven door or a heavy footstep, may have wondered how the dining car chef can turn out such marvelous biscuits, hot breads and pastry when his oven is being incessantly jarred and jolted and shaken by the motion of the train.

To get pastry to raise and stay raised under these conditions, a baking powder must be used that continues to give off its leavening gas—that sustains the raise—until the dough is baked through.

Dining Car Chefs have found a baking powder exactly suited to their needs in K C and you will find it just as well suited to your requirements. K C is really a blend of two baking powders, one active as soon as moistened, the other requiring both moisture and heat to start the generation of leavening gas. No matter how moist and rich you make your cake, K C Baking Powder will sustain the raise until a crust is formed and all danger of falling is past.

K C Baking Powder is pure and healthful. It is guaranteed under all pure food laws, and is guaranteed to please you. And it is sold at a reasonable price—no baking powder should sell for more.

Try a can at our risk and be convinced.

JOE THE BOOK FARMER MAKING GOOD ON THE LAND

By GARRARD HARRIS

COPYRIGHT, 1913,
BY HARTER & BROTHERS.

CHAPTER III.

Joe Confers With His Partner.

"HELLO, partner! What are you doing here?" inquired Mr. Somerville as Joe, after having seen the bank teller hour or his check promptly by paying \$8 to the plowman, walked into the store.

"I've come in to get eight bushels of rye."

"What for?"

"I'm going to sow it broadcast thick over the four acres. I've already had it broken, cross broken and harrowed fourteen inches deep, and I'm ready to plant."

"But we are not going to raise rye, Joe?" was the dubious query.

"No, sir, but we are going to make rye raise cotton and corn for us."

"How?"

"Well, this is October. Let the rye grow until January; then turn it under, and it will rot by planting time and lighten that old barren soil a heap, besides furnishing a good deal of valuable plant food."

"Well, now, where'd you get that idea?" asked Mr. Somerville in admiration.

"Saw it in one of those bulletins the state commissioner gave me the other day."

"Well, it's worth trying. If the state says it's the thing to do I reckon we can afford to do it. What else have you done?"

Joe told him about the leaves and the barnyard scrapings and the eight loads of fertilizer he bought. His partner clapped him on the shoulder.

"That's the stuff. We'll show these folks around here something about farming yet."

"Now, please, sir, get that wire fencing out tomorrow. I don't want the neighbors' pigs to eat our rye."

"You can count on the wire and man to put it up. Are you keeping count of expenses?"

"Yes, sir. I'm not going to pay out a cent except by check, so we can have a receipt for every payment."

"That is sound business."

"And I wish, if you please, sir, you'd write around and find out the best varieties of seed corn to plant and the best sort of cotton."

"Yes, we must get the very best varieties. I think we can get a corn that will bring two and three ears to the stalk instead of only one, like the sorts we have around here."

"And about the cotton, Mr. Somerville, I've heard daddy say that he always got more for his first bale than any other."

"That is usually true if the first bale is early, before the main crop is dumped on the market. With two or three million bales of cotton all over the south being offered for sale at once, of course, the price goes down." Joe pondered a moment.

"Then it seems to me," he said, "if we can get a sort of cotton that will be ready to pick before the rest we will make more off it, won't we?"

"Exactly. If we get a naturally quick maturing variety and give it every opportunity and hasten it along with stimulating chemical fertilizers we ought to beat the main crop by three weeks and get at least \$15 a bale for it."

"Well, you see about writing for the seed, and let's get the earliest variety we can that gives a big crop. If we just get an early cotton that don't make much of a crop we haven't gained anything on the standard cotton that makes a heavy crop but is late, have we?"

"You're a pretty close figurer, Joe. I'll attend to the seed."

"Look here, Mr. Somerville, let's put one of those acres in oats instead of sowing it in rye, and not plow the oats under."

"Not much money in an acre of oats."

"Not by itself, but I can get the oats off by the middle of May or 1st of June and then plant it in Mexican June corn, with cowpeas sowed broadcast in the rows."

"Well, that sounds better—two crops a year off that land."

"Better than that. I'll put the fodder from the cornstalks the last of July or 1st of August. We ought to get 250 bundles of fodder, worth 2½ cents a bundle."

"That's three crops—fine!"

"Then that corn will be matured by the middle of September. Get it off at once."

"Yes. Then what?"

"Cut all those pea vines and dry them. They make the best sort of hay, and you know what it sells for."

"I can get \$12.50 a half ton for it any time."

"We ought to get a ton off that acre. That will be a sort of extra crop."

"I should think that would be about enough to make one acre produce in a year, Joe—oats, corn, fodder, hay?"

"No, sir, not yet," laughed Joe. "The reason I want to plant the cowpeas is that I saw in the book that the pea vines are a legume and gather nitrogen from the air and store it away in the soil in little warts or nodules on the roots of the vine and that a crop of peas on land is worth a ton of commercial fertilizer for the next crop year. Then there will be a lot of fallen leaves from the pea vines to be plowed under, and they will add some hu-

mus to the soil."

"I always heard that a crop of cowpeas helped land, but I never knew exactly why," said Mr. Somerville.

"Haven't you been studying your book about agriculture?" asked Joe severely.

"I've been through mine once and am half through it again. And I don't leave a page until I can remember the sense of it."

"Well, the truth is, Joe, I've been so busy here at the store and our book-keeper has been sick."

"I reckon it is right hard for you to find the time. Well, as I was saying, I'll get those pea vines off, knock down the cornstalks into the low furrows, then get a turning plow and bed that acre up on those stalks and pea vine leaves and roots to form humus for spring."

"Then you ought to give that land a rest."

"No, strce!" Joe shook his head.

"Land doesn't need rest as long as you put something back into it for what your crops take out. I'll sow that acre down in White Milan turnips. They are quick growers, and we can sell every one of them here in town before Christmas."

"Five crops in one year from one acre—it hardly seems possible, Joe!"

"It is possible, for it has been done. See here!" Joe hauled from his pocket a clipping from a country newspaper in another part of the state telling of what a progressive farmer there had done.

"I found that paper in the road, and I lay awake ever so long last night thinking it over after I read about that man, and it works out all right."

"That is certainly 'farming some' said the senior partner. "And just to think—most of the people around here are satisfied to get less than one-fourth of that amount of produce from their land!"

"That sort of farming doesn't satisfy me," said Joe decisively.

"Or me, either, now I know what can be done. And, by the way, Joe, there's a commercial fertilizer concern offering a prize of \$100 to the boy in the corn club contest in the state who makes the largest crop with his fertilizer. The state chemist certifies that the product of that factory is up to standard."

"We've got to use some chemical fertilizer, and we might as well take a chance on that prize, too," said Joe.

"All right; we'll go after everything. And there's a nitrate of soda firm offering another hundred the same way, but I don't know much about that stuff. Do you?"

"Yes, sir; nitrate is the quickest way for plants to get nitrogen, and that is the main element. Just scatter the stuff on the ground about corn just before it tussels and the books say it will increase the crop nearly one-third. It's fine for cotton, too—pushes it right along."

"I've never seen any of the nitrate or heard of it being used about this neck of the woods," said Mr. Somerville.

"Neither have I. The book says it comes mostly from Chile and it looks like common, coarse, dirty salt and dissolves quickly in water or by the moisture of the ground. That is how the roots get it so soon after it is applied. When it strikes the roots that plant just everlastingly hustles."

"If we go in for all these things and win out, Joe, it's a pretty big prize in money alone on the corn. There's \$75 for the winner in this county, \$100 for the fertilizer and another \$100 for the nitrate—\$275—but that is in competition with the entire state."

"I'm going to do my level best, and when a fellow does that he'd as soon compete with the whole world as not."

"That's the way to look at it. Then there is the state certificate, with the trip to Washington."

"I certainly want that trip," said Joe.

"I want to talk to the head men of the department of agriculture of Washington, and see what they are doing. I

mus to the soil."

"I always heard that a crop of cowpeas helped land, but I never knew exactly why," said Mr. Somerville.

"Haven't you been studying your book about agriculture?" asked Joe severely.

"I've been through mine once and am half through it again. And I don't leave a page until I can remember the sense of it."

"Well, the truth is, Joe, I've been so busy here at the store and our book-keeper has been sick."

"I certainly want that trip," said Joe.

"I want to talk to the head men of the department of agriculture of Washington, and see what they are doing. I

then and can understand and appreciate what it teaches."

"That's a pretty extensive program. Anything else?"

"Yes, sir. I'm coming back here and buy me a ten-acre place and make the crops pay for it. Then as soon as I get on my feet I am going to add five or ten acres every year until I get it the size I want."

"That's the kind of talk I like to hear. Farming offers just as many and more opportunities than business, if a man will just apply business methods to it. It is the most independent and happiest life in the world."

"Then every year or so I want to go off to a good agricultural school for a month or more and do special study—keep up with what is going on—and I'll be able after awhile to give mother a good home where she won't have to work herself to death and can kind of take it easy."

(TO BE CONTINUED.)

Wa. Your Children

Often children do not let parents know they are constipated. They fear something distasteful. They will like Rexall Orderlies—a mild laxative that tastes like sugar. Sold only by us, 10 cents.

CARRANZA INCREASES ARMY ALONG BORDER

Douglas, Ariz., Dec. 3.—Disposition of augmented forces at Agua Prieta, the Mexican town opposite here, occupied the attention of Carranza authorities during early hours today.

An additional detachment of approximately 1,300 Carranza soldiers arrived here shortly after midnight from Nogales, Arizona, and was moved across the border to Agua Prieta.

Two other train loads of Carranza troops are expected to arrive from Nogales during the day.

General Obregon Carranza, commander-in-chief, stated he expected to use the troops to guard the Nazcozari railroad south of Agua Prieta, and also to garrison Nacozari and El Tigre, the American owned mining camp.

This move was due, it was said to a rumor that General Jose Rodriguez, the Villa commander, is planning to break through the Carranza line and move toward Chihuahua.

The whereabouts of General Francisco Villa has become more puzzling than ever to General Obregon, who said that was appeared to be the most reliable reports stated that Villa with about two thousand of his followers, is in the mountainous region near Querobadi, east of Hermosillo.

URGE EASIER CREDIT SYSTEM FOR FARMER

National Conference in Chicago Adopts Score of Recommendations to Congress.

(BY ASSOCIATED PRESS.)

Chicago, Dec. 3.—Representatives of forty-six states and Canadian provinces who attended the national conference on market and farm credits, issued a statement today embodying a score of recommendations to congress, urging its co-operation in improving conditions affecting the American farmer.

The statement asked the appointment by congress of a commission of five members to investigate the result of land settlements in the west and other sections of the country "to remove the obstacles to acquiring farms and the modifications needed in successful land settlement systems of other countries to insure their successful operation in the United States."

Existing conditions in the irrigation sections of the country could be corrected, the statement added, by enactment of legislation by the states or by the nation which would provide money to be loaned to settlers to aid in the preparation of public land for cultivation.

The conference, it was set forth, will strongly oppose any plan that will end mainly in real estate speculation and increase in land values to the disadvantage of settlers.

"Any plan for aiding settlers," the statement said, "by a better system of rural credit, should be preceded by an effective plan for preventing an increase of land values."

The department of agriculture was urged to establish standards of measure and quality for all merchantable farm products.

**MISS STALEY CONDUCTS
A DEMONSTRATION TODAY
IN TOWN OF LA PRAIRIE**

Miss Kathryn Staley, instructor in domestic science at the teachers' training school, conducted a rural school demonstration today at the Overton district in the town of La Prairie. She was accompanied by County Superintendent Antisdel, who made an address to the school and mothers of the children who had been invited for the occasion.

Doctor's Chief Difficulty.

"What is the most difficult disease you have to contend with?" asked the student. "Imagination," replied the doctor.—Kansas City Journal.

A Christmas suggestion: A year's subscription to the Daily Gazette.

**"MADE IN WISCONSIN"
BRAND NOW APPEARS
ON WISCONSIN CHEESE**

[SPECIAL TO THE GAZETTE]

Madison, Wis., Dec. 3.—The "Made in Wisconsin" brand for cheese is being adapted by most of the cheese makers in the state, according to a statement made by J. L. Sammis of the college of agriculture today. The demand for Wisconsin cheese has increased remarkably since the brand came into general use, he stated.

One of the Gazette's most interesting pages is the want ad page. Read it.

The Wind Blew the Auction Bills Away But the Gazette Advertising Brought the Crowds

Read this letter Mr. Farmer if you are planning a sale.

Gazette Printing Company, Janesville, Wis. December 2, 1915.

Gentlemen:—On November 30th I held an auction sale on my farm one-half mile north of Afton on the Geo. Antisdel place. It was such a success that I wish to give the credit to whom the credit belongs—The Gazette.

There was a large turn out, between one hundred and seventy-five and two hundred being present. My cattle averaged \$30 per head and my horses crowded the \$200 mark on each. Fred Taves, the auctioneer did the selling and everything brought a satisfactory price.

The auction advertising in the Gazette did the work. I know it was the advertising because the high winds at that time blew down my bills which I had posted, and the men who attended stated they had read my ad in the Gazette.

Advertising a sale in the Gazette is a sure way of getting a crowd.

Yours truly,
A. W. BORKENHAGEN.

OUR LEASE expiring we must sell stock of blankets, robes, brushes, combs, harness. New and old wagons at your price. West Side Hitch Barn. 13-12-23-14.

Janesville Wisconsin

Forty Years Ago

The Janesville Daily Gazette, Dec. 3, 1875.—This morning was as balmy as Indian summer. The thermometer indicated thirty-five above zero. The remains of Major Taylor were interred in the family burying ground in the town of Albion, Dane county, yesterday afternoon.

The monthly pay roll of the mechanics and laborers employed in the manufacturing establishments of this city, reaches nearly \$20,000. Eighteen months ago it was not half so much. There are fourteen boarders in the county jail. One representative, a gentleman from Beloit, who stole two robes, sentenced to two years in the state's prison, was taken to Waupun Wednesday evening by Sheriff Fisher. The Wisconsin Unitarian conference will commence in Milwaukee next Tuesday, and will continue three days. Rev. Jenkin L. Jones of this city takes a prominent part in the interesting exercises.

Dec. 8.—The day house of the Bates mill burned last night. Loss estimated at about \$100,000.

Make the Best of Everything. In life, as in whist, hope nothing from the way the cards may be dealt you. Play the cards, whatever they be, to the best of your skill.—Bulwer.

CHARLES P. NEWTON CHOSEN PRESIDENT

Annual Election of the Fraternal Order of Eagles Held Last Evening. Followed by Buffet Lunch.

Charles P. Newton was elected worthy president of the Janesville Aerie of the Fraternal Order of Eagles at the annual election held Thursday evening. Dr. F. B. Farnsworth was re-elected aerie physician and George Esser worthy vice president. A. McBeth will be the worthy chaplain and Harry H. Smith, secretary. Tim McKelvie is the treasurer. Charles Briggs inside guard, Oscar Englebreton, outside guard and James Spenn, trustee. Following the election which was according to the Australian voting system, the polls being open from six o'clock until eight, a regular meeting was held, followed by a buffet lunch. The aerie has decided to have a monster Christmas tree at its hall during the holidays for all the children of the city. A special committee has been named to take charge of the affair and every child present will receive gifts. The final plans have not yet been formulated, but will be announced later. Last year the aerie appropriated \$100 for the money of the poor of the city and the money was used to purchase blankets in many households. This year their donation will go towards the children's Christmas tree.

COUNTY'S EXPENSES HEAVY LAST MONTH

Total Orders Paid Amounted to \$38,026, Leaving Substantial Balance of \$127,429.

Rock county's expenses during the month of November were unusually heavy, according to the county treasurer's books, which show that the amount paid out on county orders amounted to \$38,026.51, nearly eight thousand dollars more than last year when the November expenses were \$30,181.23. There is a substantial balance remaining in the treasury to meet all demands until the taxes are received, the balance on December 1 being \$127,429. In 1914 the balance was only \$63,000. November expenditures are the heaviest of the year, due to the fact that the majority of the bills allowed at the annual session of the board of supervisors are cashed during this month and that there is a heavy demand on the highway fund as the result of contractors completing their year's work. In addition there are the orders for jury service which total no small figure. Expenditures during November are even greater than for December, according to the records. In 1914, the December expenditures were \$25,975, and in 1915, \$21,540. Rock county's present financial situation is cause for satisfaction, especially in light of the fact that several counties east of here will be forced to secure loans to provide running expenses until tax money is available.

POPULAR COMPOSER SINGS AT PRINCESS

I. Maynard Schwartz Renders One of His Newest Selections.

In addition to the presentation of "The Christian" to last night, which played again to capacity house, the Princess audience were favored with the presence of a noted composer, who rendered to the late, talented composition, entitled "Will You Leave Me Love Me Bye and Bye." Mr. Schwartz has trimmed up the musical inspirations for many well known musical comedies, including "The Kissed Princess," "The Merry Bachelor" and others of popular fame. He is now connected with the Vitaphone Film company, which "The Christian" leads as one of their trump cards.

UNABLE TO FIND MAN MISSING FROM CHICAGO

Search by the Janesville police has failed to find a trace of John W. Devine, 2544 Harrison avenue, following an inquiry for him by his wife. It appears that Mrs. Devine has been confined to her home at the Chicago address suffering a breakdown following the disappearance of her husband. The missing man was employed by the John Seaton company and is said to have left home on October 20th, leaving his wife and two children, age nine years and fifteen months. Anyone knowing Devine, who has not been asked to notify the police department here, or Devine as the family is destitute, Devine is about six feet in height, 29 years of age, of a very dark complexion and is built of medium size. The local police found that Devine is well known here, but has not been in this city for some months.

JAPANESE ARSENAL WILL MAKE BRITISH GUNS FOR USE IN PRESENT WAR

(BY ASSOCIATED PRESS.) Tokyo, Dec. 2.—The British government has placed orders with the Kure naval arsenal and the Muroran Steel Works for the manufacture of 400 three-inch guns. The guns to be made are the 1905 type, ordered by the Japanese navy. Three hundred guns will be made at the Kure arsenal and one hundred at the Muroran Steel Works. All accessories will be manufactured by the Kobe Steel Works. A formal contract will be signed in a few days. It is understood that the guns are for the British navy.

The Kure arsenal is the manufacturer of a large quantity of shells for the Russian army. The company has started the work of erecting a big melting furnace at its branch factory in Hyogo near Kobe.

An order for ten thousand tons of copper and five thousand tons of zinc has been recently placed with the Mitsui Bussan Kaisha by the Russian government. It is understood that the company has accepted the order only for 5,000 tons of copper. The annual yield of copper in Japan amounts to 10,000 tons, but it appears that the supply for several months ahead has been fully booked. On the other hand, the turnout of zinc is estimated at 1,000 tons in ordinary times. It would not be difficult to enter into a contract for the supply of 5,000 tons, but leading refineries have orders placed up to April next. Besides, the military arsenals are also taking an enormous supply of the metal. The Russian zinc order will therefore not be met in this country.

PROPERTY NO BAR TO RECEIVING AID

Widow With Five Children to Support Entitled to Pension, Attorney General's Opinion.

(BY ASSOCIATED PRESS.) Madison, Dec. 3.—That a widow with five children under the age of fourteen years own a homestead valued at eighteen hundred dollars, on which there is a mortgage of \$900, there being a small house in the rear from which she draws six dollars a month rent, the woman being able to work seven days a week in order to earn sufficient funds to support the children, is entitled to aid under mother's pension law, is the opinion of Attorney General Owen to the district attorney at Green Bay. Mr. Owen said: "It is true that the administration of this law is placed somewhat exclusively in the hands of county judges or judges of juvenile court. A large discretion is vested in him. The time during which the mother may be safely absent from home, the quest of the family living may depend somewhat upon the disposition as well as a few of her children."

No hard rule can be laid down for all cases. It is clear to me, however, that some aid should be given a mother who has no more resources than the one mentioned and that it is the policy of the state to provide such aid to every mother so situated as will enable her to spend some time with her children at home."

THREE DRUNKS ARRAIGNED IN COURT THIS MORNING

Three offenders against the peace and dignity of the state of Wisconsin were dealt with according to law, in the municipal court this morning and several other cases acted upon. Albert Plants, arrested at the Chicago & Northwestern railroad station, pleaded guilty to intoxication and was given twenty days in default of a fifteen dollar fine. William Press and John Anderson also pleaded guilty to being intoxicated and Press paid a fine of ten dollars and Anderson's drunk cost him the same amount. The case against Harry Kleeb, charged with beating his hotel board bill, was adjourned until Monday. Chief of Police Champion ordered George Reams out of the city yesterday, after a watch taken from John Clough, had been recovered.

JUSTICE IS GRANTED TO POLITICAL MEN IN AUSTRIAN PRISONS

(SPECIAL TO THE GAZETTE) Budapest, Hungary, Dec. 3.—At the instance of the Minister of Justice, an amnesty decree has been granted to all those who have been accused of political crimes, or who have already been convicted of such offenses. The decree is signed by the Emperor Franz.

Joseph. A very large number of persons are effected, most of whom have been accused or convicted of extreme and similar offenses. Members of the Social Democratic party particularly benefit by the decree.

PRINCESS MARIE AUGUSTE DESCENDANT OF ONE TIME KING OF GREATER NAPLES

(SPECIAL TO THE GAZETTE) Berlin, Dec. 3.—Princess Marie Auguste of Anhalt, whose engagement to Prince Joachim of Prussia, youngest son of Emperor William, is announced, is a descendant of the one-time king of Naples, Joachim Murat, who lived from 1767 to 1815. The latter's oldest brother, Peter, married the daughter of Marie Antoinette, who was married in 1808 to Prince Karl Anton of Hohenzollern-Sigmaringen. Their daughter, Amalie Antoinette, was married in 1835 to Prince Eduard of Sachsen-Altenburg; their daughter, Antoinette, in 1854 married Duke Leopold Friedrich of Anhalt, and the latter's son, Prince Eduard of Anhalt, and his wife, Princess Luise of Sachsen-Altenburg, are the parents of Princess Marie.

RE-ENACT ACCIDENT BEFORE CAMERA FOR USE IN LAW SUIT

(SPECIAL TO THE GAZETTE) Colby, Wis., Dec. 3.—The accident in which four prominent business men of Marshfield lost their lives when their automobile was wrecked by a Soo Line train, was re-enacted before a moving picture machine here recently. The camera man snuffed a picture of the automobile racing with the train and every other detail possible up to the actual striking of the auto by the engine. The pictures will not be shown in a theater. In fact, there was the greatest secrecy about the whole thing. The company wanted the pictures to show in court if a suit is instituted for damages. So far no action has been started.

GERMANS HAVE HARD TIME PROHIBITING THE PAPERS CIRCULATING

(BY ASSOCIATED PRESS.) Brussels, Dec. 3.—One of the various problems with which the German authorities in Belgium have to struggle is the suppression of "day-night" newspapers inimical to the German cause, which are printed in France.

England and Holland and smuggled into the country.

The Germans have never attempted to exclude genuine war known and established and recognized journals of other countries. The London Times and the Paris Temps are to be purchased as early as the Frankfurter Zeitung, and the Berliner Lokal Anzeiger anywhere in German territory. What they have tried to do is to suppress the varied assortment of "temporary" papers published for purely anti-German propaganda purposes and intended merely for Belgian consumption.

The latest of these is the Courrier de la Meuse, a newspaper published in Holland. Copies of it are in Liege recently bore a date two days in advance of the day when the seizure was made and contained alleged news dated as early as twenty-four and forty-eight hours. The "Courrier" exclusively reports of German defeats, and contained tales of enormous German losses—losses so enormous that none of the French and English journals ever attempted to claim that they had been inflicted.

Though the "news" in these papers is over and over again proved to be false, the journals still find a ready sale, and their dispatches are given

the same credence as the recurring rumors, based on distant cannonading that the French, English and Belgian are approaching Brussels once more.

Why Tolerate Catarrh?

You have noticed, no doubt, that any cold aggravates nasal catarrh, and the flow of mucous amazes you that such objectionable matter could find lodgment in your head. To ignore this catarrh when the cold subsides is wrong because it continues to slowly injure the delicate linings of the nasal passages and clog them up.

To correct catarrh, cleanse the nostrils frequently with a solution of warm water and salt, insert vaseline on retiring, and take a spoonful of Scott's Emulsion after meals for one month. Scott's acts through the blood to feed the tissues, and contains soothing glycerine to check the inflammation and heal the sensitive membranes. Scott's is pleasant to take.
